Re: Transformer Placement
315 Broadway, Somerville, MA

To Whom It May Concern,

I was concerned initially regarding the placement of the new electric transformer for the above mentioned Project near my home. Recently, I met with the you, the owner of this Project and with Eversource Electric. Thank you for answering all of my questions to my satisfaction.

I now fully support the installation of the Transformer and Electric Service to your Project. Please feel free to contact me if there are any further issues.

Daniel Siciliano

A handwritten signature in blue ink that reads "Daniel Siciliano". The signature is written in a cursive style and is positioned below the printed name.
