

PETITION

Somerville Board of Alderman:

We are members of the local business community and/or residents, and we support the city's efforts to adopt zoning based on the Union Square Neighborhood Plan. That plan was unanimously adopted by the Somerville Planning Board on May 5, 2016 after a lengthy public process.

Somerville is poised to reap the benefits of the community's plan. Just as Boston's waterfront, Watertown, Kendall Square, Newton and others are racing forward with development, luring employers and game changing businesses, so must Somerville. The sense of urgency is real and in order to compete, Somerville must move now! Thank you for your consideration.
