University of Pennsylvania Law School, Juris Doctor Degree, 2003

Honors: *Cum laude* ♦ Law Review ♦ Wharton Business Certificate ♦ Finalist, Presidential Management Intern Program

Massachusetts Institute of Technology, Master of Science Degree, 2000

Bachelor of Science Degree, 2000

LEGAL EXPERIENCE

Harvard Law School, Emmett Environmental Law & Policy Clinic

Dec. 2013 - present

Lecturer & Staff Attorney

Develop and supervise environmental litigation, regulatory, policy and law reform projects involving cutting-edge environmental and energy issues. Areas of focus include developing climate change adaptation strategies for municipalities; advocating for energy justice and innovative grid modernization initiatives; participating in administrative and regulatory proceedings for large infrastructure projects to protect public lands and habitats; and litigating to promote environmental justice and historic preservation in the face of proposed energy projects. Coordinate with government agencies, nonprofit organizations and community groups to develop projects and instruct students in substantive legal matters and practice of the law. Led development of a new clinical course that focuses on contextual practice.

Beveridge & Diamond, P.C.

Jan. 2011 – Nov. 2013

Attorney

Maintained an environmental, regulatory and land use practice that included counseling clients on permitting, operating, and regulatory compliance issues, and civil and criminal investigations and enforcement proceedings. Participated in policy development advocacy and rulemaking proceedings and associated litigation in state and federal courts. Utilized regulatory, transactional, rulemaking and litigation skills to identify, defend and advance client needs and opportunities.

Goodwin Procter, LLP

Oct. 2003 – Jan. 2009

Associate

Member of environmental, energy and land use/permitting practice groups. Worked on administrative, rule-making and transactional matters with some involvement in litigation. Representative projects included:

- Client representation at Regional Greenhouse Gas Initiative stakeholder meetings, preparation of written comments on regional and state greenhouse gas regulations and litigation regarding same;
- Researched and drafted an amicus brief for the U.S. Supreme Court in *Massachusetts v. EPA*;
- Led firm learning on WEEE and RoHS initiatives and created compliance program for supply chain participants;
- Oversaw the revision and implementation of a state environmental insurance program;
- Coordinated requisite city and state approvals and environmental permits for large development projects;
- Developed climate change compliance strategies and market opportunities for energy sector participants;
- Conducted environmental and permitting due diligence in national and international transactions;
- Drafted master contracts for renewable energy credits and other environmental attributes of renewable energy;
- Advised clients in the development, acquisition and strategic management of traditional and renewable energy facilities and technologies.

United States Environmental Protection Agency, Region III

Jan. – May 2003

Law Clerk

Developed cases and policy initiatives for the Water Division and a Site Remediation Division.

American River

Jan. – May 2002

Environmental Law Intern

Investigated legal process for dam removals in multiple states and prepared guidance memoranda for public distribution.

Citizens for Pennsylvania's Future

Jan. – May 2001

Environmental Law Intern

Prepared briefs in litigation regarding state environmental project review and remediation laws.

Aladdine D. Joroff, Esq.

POLICY EXPERIENCE

- Massachusetts Institute of Technology** Summer 2001
Research Assistant
Pursuant to a National Science Foundation grant, designed a research project, an extension of my graduate thesis work, on civic environmentalism, including collection, analysis and write-up of quantitative and qualitative data.
- Environmental League of Massachusetts** Jan. – May 2000
Fundraising and Policy Intern
Solicited contributions from individuals and businesses for annual fundraising event and supported policy initiatives.
- White House Office of Science and Technology Policy (OSTP)** Summer 1999
Environmental Division Intern
Researched and drafted White House and federal agency reports, worked on interagency initiatives, attended Congressional hearings, briefings and agency meetings as an OSTP liaison, and analyzed scientific publications as part of evaluating policy proposals.
- Boston Mayor's Office of Consumer Affairs and Licensing** Jan. – May 1999
Mediator
Managed consumer complaints and mediated settlements between consumers and merchants.
- Office of Massachusetts State Senator Susan C. Fargo** Jan. – Sept. 1998
Intern
Drafted legislation, conducted legislative research, performed constituent services and case resolution, prepared press releases, speeches and material for public distribution, and organized public service events.

INTERNATIONAL EXPERIENCE

- International Travel and Trekking** Feb. 2009 - Sept. 2010
Independent trip, following voluntary departure from job with positive reviews, included solo treks in the Himalayas, Middle East and Europe and five months based out of a Tibetan refugee camp in Nepal.
- NARA-MIT Architecture & Planning Department Cultural Preservation Program** Summer 1997
Intern (Japan)
Met with government officials in Nara to discuss region's objectives for historic preservation in the face of development and increased economic need for tourism. Lectured on preserving and presenting historic sites at local museums, and for televised citizen group meetings.
- Charles Dickens Museum, London** Summer 1996
Visiting Assistant Curator
Created an exhibit about the influence of Charles Dickens on Louisa May Alcott that was displayed in museums in London and the United States.
