Subject: Asking that we fund our schools at the 8% growth budget level as promised

This email is from an external source. Use caution responding to it, opening attachments or clicking links.

Dear Mayor Ballantyne, School Committee Member Pitone, and City Councilors,

I write to urge you to fully fund Somerville Public Schools' budget with at least 8% growth, as previously indicated to the School Department.

Our kids need a fully funded Schools' budget.

Anything less than 7% growth amounts to budget cuts that will negatively impact our community's children, families, and educators. Our schools serve some of our most vulnerable residents and are a vital part of the infrastructure and fabric of our City.

As a parent and a city resident, I deeply value the quality of services and education from Somerville Public Schools. Fully funding the FY 2025 budget demonstrates Somerville's commitment to providing equitable opportunities for all students, and ensures that every child in Somerville has access to the tools and support they need to thrive academically and personally.

I urge you to prioritize education and to ensure that the FY 2025 SPS budget is fully funded. Our children's future and the future of our community depend on it and our shared values demand it.

Sincerely,
Jeff Byrnes
