This morning on my way to work I passed this truck blocking the sidewalk on Gilman Street. That just feel away from there McGrath over pass, so there's no other option but to walk in the street I called 311 to report it but was told that because I didn't get the license plate that there was nothing to be done. I said the truck was still there and a police officer could simply go see. She told me that she could not file a report without the license plate.  
Why can't this crime be reported?  
Why wouldn't someone simply go check?  
Did I do something wrong?  
I feel completely powerless.

I realized that this email does not include the license plate so I understand if there's nothing you can do either. I apologize for wasting your time with poor reporting.
