**Letter of Collaboration
For the Metro Mayors Shannon Grant CSI
FY2022 Senator Charles E. Shannon, Jr. Community Safety Initiative Application**

The Metro Mayors Shannon Grant Community Safety Initiative (CSI) is a regional collaborative partnership that is fostered by the Metro Mayors Coalition, a group of 15 mayors and municipal managers from cities and towns in the inner core of Metro Boston. The Metro Mayors Coalition was established in 2001 and has become an effective way for communities to develop strategies and successfully advocate for policies that address shared challenges that cross municipal boundaries. The eight communities partnering as the Metro Mayors Shannon Grant CSI are Cambridge, Chelsea, Everett, Malden, Quincy, Revere, Somerville, and Winthrop. Both the Metro Mayors Coalition and the Metro Mayors Shannon Grant CSI are facilitated by the Metropolitan Area Planning Council (MAPC), the regional planning agency serving the people who live and work in the 101 cities and towns of Metropolitan Boston.

As a partner within the Metro Mayors Shannon Grant CSI, my municipality/department/organization pledges to effectively coordinate with other grant partners to address issues and topics related to gang involvement and youth violence in the region. The Metro Mayors Shannon Grant CSI offers programs for prevention, intervention, suppression, and re-entry for low-risk, moderate-risk, and high-risk youth aimed at improving their quality of life. I acknowledge this collaborative partnership seeks to reduce youth violence and gang-related crime in metropolitan Boston and the surrounding communities by implementing a multi-disciplinary, anti-gang strategy. Law enforcement, community-based organizations, and government agencies all work together through the CSI to support initiatives that provide youth with programs to help them achieve positive life outcomes.

Partner Acknowledgement:
