Space for Community Organizations

209611: That the Administration discuss terminating the Somerville Media Center and MAPS tenancies, including any plans to help them relocate, such as allowing them time to find a new location.

Ms. Taylor, Mr. Galligani and Mr. Raiche appeared before the committee to answer questions about the tenants of the SCAT building. Mr. Raiche stated he hired an on-call contractor to do some temporary repairs last November. The building has extensive deficiencies and renovation will need to be bid out. Ms. Taylor stated that both organizations met in December and there was a discussion about the urgent need to relocate for 2-3 months. The committee asked Mr. Raiche why this work was not on the CIP and it was stated that the city did not know the extent of the work at the time. The SCAT building is much worse than originally thought and did not have an estimate to put on the CIP. This work will require an OPM which was approved for a city building previously. The city is interviewing candidates for OPM on Monday and the person will help select an architect in the coming months. Mr. Raiche stated that he is hoping to have the tenants out by June and there will be 2-3 years for full design and construction. Ms.

Taylor stated that the city has been searching for possible sites for the tenants. The city solicitor is also reviewing the possibility of financial support to cover as much of the rent as is permitted by law (due to the “anti aid amendment”).

Mr. Lynch, SMC President, stated that he has two concerns: 1. Deterioration of building and 2. Tenancy going forward. Mr. Lynch also stated he has not seen the report stating the issues with the building. The building has been deteriorating for many years. He needs a better understanding of the condition of the building since they entertain 50-100 students from within and around Somerville. He also questioned who would be paying for the move and lease and that the move could deplete SMC funds. It was stated that timeline of 30-60 days to leave the building is not enough time due to the number of services needed to arrange a move. It was suggested to use trailers as a possible temporary fix. There is an additional discussion about the formula by which the City helps fund SMC via the cable franchise fees. Councilor Ballantyne submitted an order to the finance committee on this matter.

SomerVision 2040

209370: Relaying information about the SomerVision 2040 draft revision, comment, and endorsement process and timeline.

Mr. Feloney, Ms. Lewis, Ms. Woods and Ms. Carrillo answered questions about what’s in SomerVision 2040 for housing. Chair Hirsch raised concerns about what appeared to be a less ambitious goal for the housing chapter. Ms. Woods stated they spent the summer and early fall engaging people in the community asking what the city should be spending its time on.

Councilor McLaughlin made a **resolution for the Administration to work with the Housing and Community Development Committee to develop a plan to achieve 30% deed restricted units as a percent of all housing in Somerville.**

Chairperson Hirsch suggested a monthly housing group to track program. Ms. Lewis stated that the next step after adoption of the new SomerVision draft is to execute the key steps, including forming a new task force to map out how to achieve the affordable housing goal. Chair Hirsch asked if it's possible to begin the work even prior to adoption of SomerVision, and Melissa Woods said that it is. There were other discussions to recommend an amendment for additional 10% workforce housing.
