

# SHARON KOMAROW, PLA, ASLA

## Associate

### PROFILE

Ms. Komarow is a Senior Landscape Architect and Associate with over ten years experience in public, institutional design, and environmental planning. She has been with KMDG for seven years. Her educational background and previous work in environmental science influences her work as a landscape architect. At KMDG, she is lead technical designer with responsibilities for developing construction documents and detail standards as well as working creatively within the schematic and design development phases. She has managed construction services for projects in both the public and private sector. While at Harvard University, she received a Community Service Fellowship to help the Town of Barnstable prepare a successful grant to fund park renovations, and a Presidential Instructional Technology Fellowship to develop a reference website on the vegetation of the urban environment.
