

Please select the top three areas in which you have working knowledge, strong interest, and/or experience:

Social Resiliency

Public Outreach and Engagement

Public Finance

Statement of Interest:

I have worked for two local firms that work in climate and social resiliency over the past four years and studied climate planning at the Harvard Graduate School of Design for the two years before that. I bring an indigenous and justice-oriented lens to climate planning, and believe Somerville is uniquely positioned to continue paving a path forward for the New England region.
