Adapting with COVID - Somerville schools and businesses - Monthly reporting	
Date:	
Current COVID situation	
What is the current COVID situation in Somerville?	In this section, report on the metrics and trendlines of COVID-19 in Somerville over the past month.
What is the overall risk assessment of COVID in Somerville?	Based on the metrics above, what is your overall assessment of COVID-19 risk in Somerville this month. This should reference a risk scale developed and/or approved by the City.
City Recommendations and Response based on COVID situation	
What follow-on activities were recommended from last month?	Copy from last month's report
Which of these activities were addressed, and how were those activities addressed?	Provide information here
Which of these activities remain outstanding?	Provide information here
Schools recommendations	Based on the overall risk assessment described above, what is the City's current recommendation for school opening? This section should provide a scale of opening (from buildings fully closed to PK-12 fully in person) developed and/or approved by the City - and state, based on the risk assessment results in B18, what the City recommends.
Businesses recommendations	Based on the overall risk assessment described above, what is the City's current recommendation for business opening? This section should provide a scale of opening (from all non-essential in-person businesses fully closed to business operations as usual) developed and/or approved by the City. This scale should also include different types of businesses (retail, in-peron dining, gyms, etc.). This section should, based on the risk assessment in B18, state what the City recommends for business opening.
What activities, if any, need to happen to align what is happening with school reopening with recommendations?	Provide information here
What activities, if any, need to happen to align what is happening with business reopening with recommendations?	Provide information here
Follow-on Activities for Next Month	
What activities need to be completed next month for risk-based COVID-19 response in	Combine activities from B26, B32, and B34.
