Frequently Asked Questions

Why is my first bill higher than my normal monthly bill?

Your first bill will be higher because it contains charges for:

- More than a 30-day period. First Bills include "Partial Month Charges" for extra days of service from your install date to your bill date plus your monthly Charges for the next 30 days. Partial Month Charges won't appear on your next bill if there are no changes made to your account.
- One Time Activities such as setup fees for installation and activation of your service, movie rentals or directory assistance. A setup fee is an example of an item that can be billed in instalments over the first three months.
