Describe any social or cultural benefits of this event for Somerville residents : The KLYAM Outdoor Music Series provides a space for independent cultural expressions and social interactions within the community. Local musicians are able to showcase their unique talents and gain exposure to a wider audience than usual. Members of the LGBTQ+ community, people of color, and other marginalized groups have been represented through performance, welcomed, and encouraged to be themselves. Additionally, the wide age range of attendees brings a feeling of community. Both performers and attendees are likely to experience something new and different. The public parks are also transformed into a novel use of space. Perfect for families to see a live performance in the sunlight, an alternative to the more common night life experience.

Describe any financial benefits of this event for Somerville businesses or organizations: In our previous park events, countless guests have made it a point to take in all the sights and sounds of Somerville, enriching local businesses - tourist sites, bars and breweries, restaurants, and hotels.

Describe the Event: KLYAM Summer Music Series - a series of three free outdoor concerts/festival events in Somerville. This is the first of three events. The other concerts will take place in July and September. The locations will be at public parks - Lou Ann David Park, Powderhouse Park, and Lincoln Park. For each event, we invite four to six bands and/or artists to perform for thirty minutes or less. The events take place in the afternoon, last for four to five hours, and finish by 7 PM.
