

Timothy Talun AIA

Objective

To utilize my knowledge and experience to help guide the creation of beautiful and thoughtful places in Somerville that enhance the lives of the people that will live, work and play in them.

Professional Experience

Elkus Manfredi Architects Boston, MA 2010 - 2018
Project Manager and Lead Designer

- Successfully managed the \$160 Million redevelopment of Brookline Place in Brookline, MA into a commercial and outpatient care center, from zoning approvals and conceptual design through construction.
- Lead designer and project manager for 7 Ink by Ollie, an innovative “cohousing” residential typology that will provide a new type of market rate “attainably priced” housing, which was recently approved by the BPDA.
- Involvement in several other high-profile urban projects in Boston and around the United States.

Koetter Kim & Associates Boston, MA 2008 - 2009
Designer
