**RE: Grant of Location
Lighttower Fiber Networks
Install Underground
Communication Conduit
94 Beacon Street**

Dear Board Members:

Preliminary approval is recommended for the petition and plan of Lighttower Fiber Networks to install approximately nine feet (9') on Line Street, Somerville, MA from riser pole 24/11 and will run to the property line of 94 Beacon St. The conduit will have a total length of approximately 9' and will be placed at a depth of 20". The concrete will be concrete encased and will be 4" diameter schedule 40 PVC.

This recommendation is made with reference to Lighttower's letter of August 30th, 2010 and plan of August 2010 upon stipulation that the Grant of Location is subject to: a reservation of rescission by the Board of Aldermen; indemnification of the City for all liability arising from said Grant; all permit procedures, conditions and approvals of municipal utilities; protection of existing infrastructure; and complete surface repair, restoration and maintenance. A public hearing will be required. This work is necessary to provide fiber optic service to 94 Beacon Street, Somerville, MA.

Respectfully requested,
Department of Public Works
