Subject: I want to serve on the Urban Forestry Committee
Attachments: Application and Resume for Urban Forestry Committee (AutoRecovered).docx

Hello Vanessa,

I am writing to express my interest in serving on the urban forestry committee. It is my passion and life's work to make the world a greener place. It is a challenge in the city to do so, but we are creative and progressive enough to embrace the challenge. With my experience as an ecological landscaper, activist, guerilla gardener and active member of the community, I have the skills and devotion to guide Somerville in recreating the urban forest. We are on an important precipice and regenerating the ecosystem is central to reeling in climate change. That would be my goal in participating on the UFC.

I want us to be the city that figured out how to bring the forest and its wildlife back to the city.

I couldn't find the design I wanted to share with you, but once I find it, I will forward it.

Thank you for your devotion to restoring the city's forest.

Tori Antonino
