Re: Relations between Girls Pride Basketball and Somerville Recreation

At this time, Somerville Recreation is respectfully requesting \$8,000 for supplemental funding to oversee the Girls Pride Travel Basketball Program. After years of declining numbers in participation, and lack of parent involvement the Somerville Recreation Department in partnership with the Somerville High School Girls Basketball Program are looking to oversee this program. Thank you in advance for your consideration. Funding for this account should it be approved, would be deposited to 0163051 (general appropriations).
