

CITY OF SOMERVILLE, MASSACHUSETTS
ELECTION DEPARTMENT

JOSEPH A. CURTATONE
MAYOR

July 15, 2021

John J Long
City Clerk
Somerville City Hall
93 Highland Avenue
Somerville, Ma 02143

Dear Mr. Long:

We hereby certify that the 3 pages of the petition given to us by your office contains the names of Eighteen (18) registered Somerville voters designated as such by a red check mark to the left of the name.

- Check thus ✓ against the name of each qualified voter to be certified. For names not certified use the following code.
Draw a line through any blank spaces not containing signatures.

N - No such registered voter at that address, or address is illegible.

S - unable to identify signature as that of voter because of form of signature, or signature is illegible.

T - already signed

2021 JUL 15 A 11: 12

ZONING MAP AMENDMENT • APPLICATION FORM

CITY CLERK'S OFFICE
SOMERVILLE, MA

Per Article 15.6.2 of the Somerville Zoning Ordinance (SZO), an individual property owner or ten (10) registered voters of the City of Somerville may petition the Somerville City Council to change the maps of the Somerville Zoning Atlas in response to changes in City policy or real-world conditions. To submit a map amendment petition to the City Council, the following must be provided:

1. A completed Zoning Map Amendment Application Form.
2. A copy of the appropriate Zoning Atlas map(s) with the proposed change(s) clearly noted.
3. A letter addressed to the City Council including a description of the proposed changes and the purpose for the petition.

Submit all required documents to:

City Clerk's Office
1st Floor, City Hall
93 Highland Avenue
Somerville, MA 02143

Subject: Proposed Change of Zoning District designation for parcels fronting McGrath Highway at Squires Bridge

Dear Councilors of the City of Somerville,

The following signatures represent a group of residents who would like to propose changes to the Somerville Zoning Map. The changes involve a Zoning Map Amendment which we ask the City Council to consider. This letter is for the Zoning Map Amendment.

This petition is initiated by residents of 1 Fitchburg Street, a 150 Unit, 5-story artist live/work building in existence for over thirty years. Our community, beyond those who have signed this document, have been heavily involved in the Somerville rezoning process over the last seven years. During that process, our focus was concentrated on the Brickbottom Area as this is where the City wanted our input. We were not aware, nor was it brought to our attention, that the zoning changes on the lots on McGrath Highway would substantially impact the Brickbottom artist building.

We only learned of the impact of the McGrath Highway rezoning when the developer of 15 McGrath Highway filed for a variance and we realized the impacts of the building heights, permitted in the HR district. We are not direct abutters to this site and there are train tracks and other land between our buildings and the parcel, subject to variance. But even at 215 feet distance the proposed building height of 160 feet (including mechanical) will substantially increase shadows over our building during the winter months.

During our meetings with the developer of 15 McGrath Highway and our own review of the adjacent sites, we determined that other sites along McGrath Highway are also in the HR District (addresses: 35 and a portion of 51 McGrath), while the triangular end of 51 McGrath (now vacant and lying below the Squire Bridge abutment) is in the MR5 zone. If these sites were to be re-developed to their maximum height and other bulk regulations, they would have a major adverse impact on the Brickbottom site. The HR district portion of 51 McGrath is as close as 100 feet away from Brickbottom and its triangular MR5 portion reaches as close as 60 or 70 feet across the 55 feet rail right-of-way.

We have attached images from our 3D model showing Sections of the Possible Bulk Under the Existing and the Proposed Zoning Districts. As is evident from Section A (Existing Zoning), the impact that an HR District will have on our site are severe. The model shows how the existing zoning allows for buildings along McGrath Highway that would be two and a half times taller than the Brickbottom building. Also, all of these sites are on the South side of the Brickbottom building. This means that we will be heavily impacted in the winter months from shadows cast from these buildings. The loss of light on the southern elevations of our units will negatively

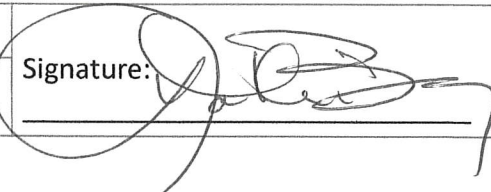

impact the artists that work/live in these lofts. It is generally accepted that good zoning practice would preclude placing higher buildings on the South side of existing residential buildings.

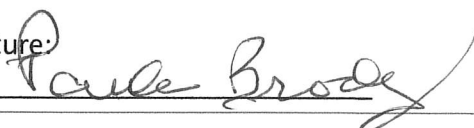

Our amendment proposes to remap the HR district on the 35 McGrath parcel, the eastern portion of 51 McGrath and the adjacent small city and state-owned parcels as MR5, and to rezone the western triangular portion of 51 McGrath to MR4 from its current MR5. This would result in a stepping up of height and bulk, moving from our residential/artists building toward the higher density and scale buildings at the Cambridge/Somerville City Line. We show this in Section B.

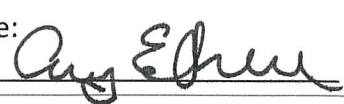

The adjacent zoning district in Cambridge (SD-1 within the PUD-6) permits a height of 120 feet but imposes limitations of height on buildings adjacent to public open space – including the Gold Star Park adjacent to the Twin Cities plaza. (Cambridge Zoning Ordinance, Sec. 13.74.31) In conformance with these Cambridge regulations, the proposed hotel development at One McGrath (straddling the Somerville city line) is shown on plans at 69 feet 11 inches in the Somerville section of its lot. The apartment building at 262 Monsignor O'Brien (across the highway and also on the city line) is 7-stories, 61 feet plus mechanicals. The Superior Nut building is 4-stories, 55 feet; and the hotel at 221 Monsignor O'Brien Highway is 5-stories, 60 feet plus mechanicals. Given this established context of building heights along the highway, the MR5 maximum height of 70 feet and the MR4 maximum height of 55 feet appear to provide ample commercial development potential.

We thank you for your consideration of this proposal. Please let us know if you require additional information.
