Subject: I Support Dockless Bikeshare in Somerville

Hello,

I would like it to be known that I support dockless bikeshare in Cambridge. It is environmentally responsible and promotes health and exercise. Frequently, the BlueBike docks near my home are empty, so a dockless bike provider would be helpful. Thank you.

Hello, I would like it to be known that I support dockless bikeshare in Somerville. Thank you.

It is highly convenient, safe and easier to manage than hub bikes. I think bicycles help to ease the traffic and it's important that people have a welcoming and easy way to get a bike. For me dockless bike system was a lot easier and way more welcoming to engage with than hub bikes.

Thank you!
