Approval Conditions:

Reviewer: Kevin Roche, Engineering, Approved with Conditions

1. APPROVAL CONDITION Engineering recommends stationing race officials at major Community Path crossings to aid runners along route. Route would be easier to manage if you utilized the Community Path instead of Central and Highland Ave.

Reviewer: Mackenzie Richardson, Police, Approved with Conditions

1. I would recommend having 1 or 2 officers to assist with the crosswalks at major intersections along the route (Central, Lowell, Cedar...); People must be cautious since roads are not shut down
