Over the course of the past five years, the great [City of Somerville \(http://www.somervillema.gov/\)](http://www.somervillema.gov/) has come a long way. New roads, new bridges, new streets, new street signs, new houses, new apartments, graffiti removal; and much, much more.

And we applaud Somerville Mayor Joseph A. Curtatone, city officials, and state officials for their interest in renewing the City of Somerville in order to help make the City a better place to live. However, much more work needs to be done and it's needed now.

The City of Somerville should be what it always was meant to be: a suburb, and not a mini-Boston or a want-to-be Cambridge.

We must become more affluent (i.e., like Arlington, Belmont, Waltham, Watertown, Wellesley, ect.).

What Must Be Done: Far many new trees need to be planted to make the City affluent in nature & appearance, all three public libraries require complete & total renovations, and all government buildings require complete & total renovations, as well; a brand new police station needs to be built, property values need to increase (in order to flush the City of any and all vagrants and riff raff, ect.), old street lamps and lights need to be replaced, old dilapidated houses need to be torn down and replaced, and higher standards of education and code of conduct need to be enforced at Somerville High School (meaning no more punks).

Thank you.
