The meeting took place in the Committee Room and was called to order at 6:35 PM by Alderman McWatters and adjourned at 7:24 PM.

Approval of the September 21, 2016 Minutes

RESULT: ACCEPTED

196378: That the Director of SPCD and/or the Commissioner of Public Works notify property owners along lower Broadway of the five year moratorium on renovations to private sewer systems and encourage them to make appropriate plans.

RESULT: KEPT IN COMMITTEE

196608: That the Commissioner of Public Works notify the appropriate utility regarding the double pole on Perkins Street.

RESULT: WORK COMPLETED

196621: That the Commissioner of Public Works contact the appropriate utility and cable vendors to address the low hanging wires on Allen Street.

RESULT: WORK COMPLETED

196770: That the Commissioner of Public Works contact the appropriate utility company regarding the removal of double poles on Perkins Street, Glen Street, Cutter Street,

Kennison Avenue and Garfield Street.

Mr. Zamparelli reported that Eversource currently has 63 double poles in the city, with some requiring light duty work. He expects that more work will be accomplished now that the winter is over. Chairman McWatters stated that residents are concerned about the double poles and he asked that a good faith effort be made to address the issue. Alderman Ballantyne ask how these poles are prioritized, pointing out that some have been in place for 3 years. She also mentioned that stumps have become a safety hazard. Mr. McEachern stated that he needs access to certain information from the utilities and Chairman McWatters asked for better communication between utility companies and the DPW. Mr. Koty said that he is concerned with the poles on Barton Street and Chairman McWatters asked Mr. Zamparelli to address that situation. Mr. Koty would like to meet with all utility companies to discuss the general topic of double poles. Alderman Lafuente requested a list of all double poles in the city showing how long each has been in place. The utility companies will generate this list together and provide it to the DPW, where it will then be prioritized.

Low hanging wires were also discussed and the committee was told that wires must be 14 feet above a driveway and 18 feet above a street. Mr. Koty stated that low hanging wires mostly belong to the cable companies. Mr. Kelly told the committee that Comcast is actively working on this, adding that new construction is a big cause of low hanging wires.

Alderman Lafuente’s motion *that the Administration appear before the Board of Aldermen to suggest how residents may report drops and low hanging wires to the DPW, was approved.*
