LETTER OF INTRODUCTION

To the Honorable Mayor and City Council:

On April 14, 1871 the Governor of the state approved Chapter 182 of the Acts of the Legislature for 1871. This act, adopted by the voters of the town April 27, 1871, established the City of Somerville and outlined the basic laws and regulations of the new city government.

This Charter of the City of Somerville remained in force until 1899 when at a special election held September 26th, the voters of the city accepted a revised Charter which the State Legislature authorized by Chapter 240 of the Acts of 1899.

The Revised Charter of 1899 is still the basic law for the city. However, since that time, the State Legislature has authorized and the city has accepted several amendments to the Revised Charter.

The accompanying copy of the Revised Charter has incorporated all authorized changes through the publication of this most recent Supplement. No changes can be made in these laws without specific authority from the State Legislature.

An Appendix has been included which cites several additional acts of the State Legislature, as amended which, although not direct amendments to the Charter, lay down basic requirements for our city government. These acts are included here to give a more comprehensive picture of the city's basic laws as well as facilitate research and reference.

Yours truly,

John J. Long
City Clerk

In order that the new wards may conform to the present representative districts, the present ward one shall constitute one ward, and the present wards two, three and four shall each be divided into two wards. Immediately after such new division of the city into wards, the city council shall divide such new wards into voting precincts, none of which shall contain more than one thousand registered voters, and the mayor shall thereupon appoint, with the approval of the city council, election officers to serve therein. Any such vehicle so removed shall be held until all charges imposed for such removal and storage following the same have been paid and due notice has been received that the fines provided in such notices affixed to said vehicle have been paid or security for the payment thereof has been deposited. The police department shall promptly mail written notice to the registered owner of any such vehicle so removed, directed to the address furnished by the registry of motor vehicles or comparable agency of the state in which said vehicle is registered, stating the date on which such vehicle was removed, the location to which such vehicle has been removed, and a statement that such vehicle shall be released by the police on the payment of all fines, storage and towing charges due. Sec. 2. - Notice of code violations; payments; hearings.

Where a notice to appear is for 1 or more code violations, the person notified to appear shall return the notice of violation by mail, personally or by an authorized person to the municipal hearing officer and shall, within 21 days, either: (a) pay, in full, the scheduled assessment by check, postal note or money order; or (b) request a hearing before the municipal hearing officer. Any amounts paid shall be payable to the city of Somerville. If the person notified to appear requests, in a timely manner, a hearing before the municipal hearing officer, the municipal hearing officer shall schedule a hearing not later than 45 days after receiving the hearing request. The municipal hearing officer shall send a hearing notice to duly notify the person notified to appear of the date, time and location of the hearing. Hearings shall be held at least

A person who fails to appear at the scheduled hearing without good cause shall have the appeal dismissed and shall waive any further right to appeal. If the condition which caused the notice to appear to issue continues to exist, the finding of responsibility may also be used by the city of Somerville as prima facie evidence of the existence of a violation in any proceeding to suspend or revoke any license, permit or certificate issued by the city relative to the building, structure or premises pending the correction of the condition.
