**1. Request Additional Bike Racks @ Sartwell Ave and K-2 Playground**

The current bike rack at the main entrance of the Kennedy School has reached maximum capacity and there is a need for additional bike racks. Please also provide bike racks by the K-2 Playground where many parents on bikes drop off kids and on Sartwell Avenue where pick up occurs for afterschool and swimming.

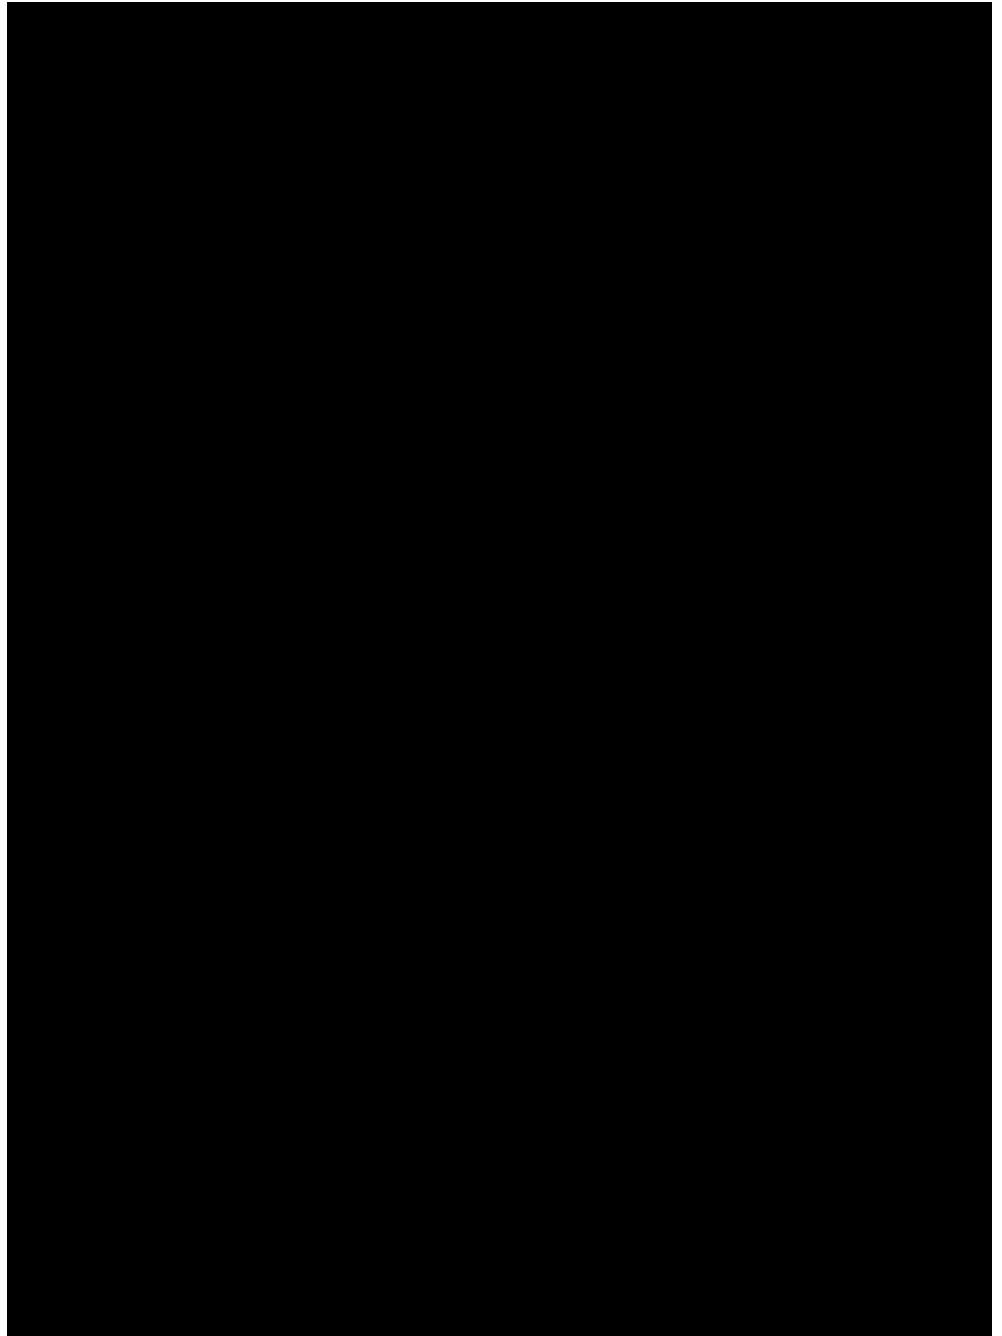

**2. Request for Traffic Calming Speed Humps on Sartwell Ave, Cherry Street, and Ashland Street**

Sartwell and Cherry are very busy roads for children: Kennedy has a large population of kids walking, riding bikes or scootering to school in the morning as well as after school, when many older kids congregate on Sartwell St to meet friends; more kid traffic occurs at after school program pick-up at 5-5:30pm.

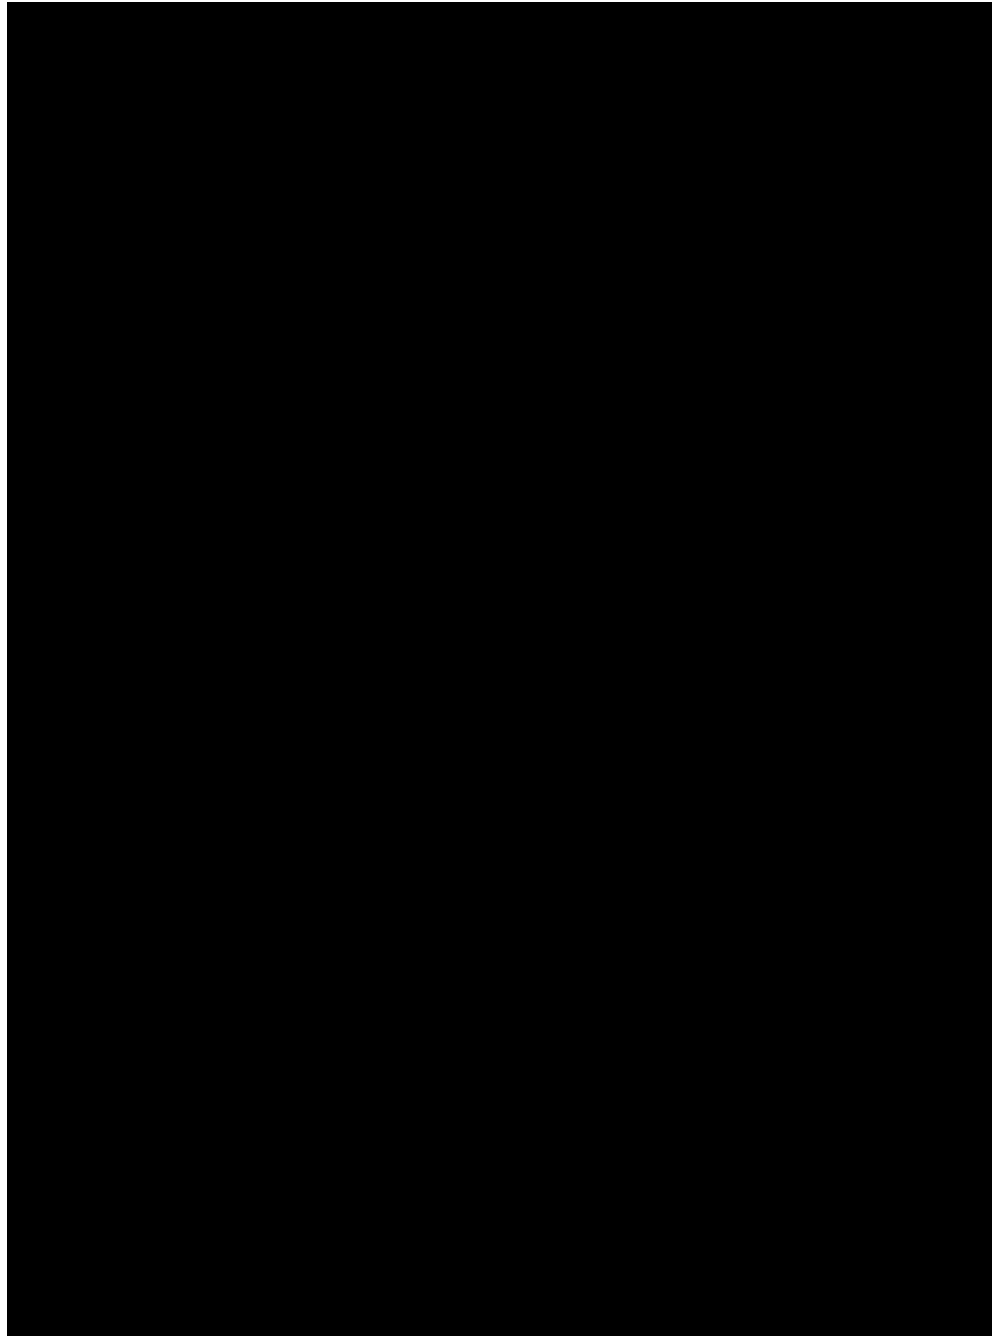

Sartwell is a one way street with a blind downhill on the second half, and Cherry Street is one-way with a blind bend approaching the school. This all makes for a very dangerous situation. There have been many close calls with cars speeding down the road and we want the City to install speed bumps on Sartwell Ave, Cherry Street, and Ashland Street surrounding the Kennedy before a serious incident happens.
