192029 - George O'Shea submitting comments re: George Dilboy Post 529, 371 Summer St., operating a commercial parking lot without a permit.:

Mr. O'Shea, and other residents, addressed the committee and expressed concern that the parking area at the Dilboy VFW post is being operated as a commercial parking lot without the necessary permits. According to one resident, the DPW has been observed sweeping this lot and Mr. O'Shea believes that the owner of the lot should be paying the city for any services provided and should apply and pay for any necessary permits.

Mr. Nuzzo explained what evidence he would need in order to ascertain that the lot is being operated commercially and pointed out that this issue is a zoning matter.

Solicitor Wright will investigate what agreement(s), if any, exist between the owner of the lot and the City and he will also determine if any fire code issues exist.

Chairman Sullivan's motion *that the City Solicitor confer with the Fire Department, Planning Department and Inspection Services Department and contact representatives of the Dilboy Post for the purpose of determining the current use of the parking lot and obtaining any required permits, based upon the determination,* was approved.
