**Cc:** City Clerk Contact; Mayor; Katjana Ballantyne  
**Subject:** Public Hearing for Clarendon

I have received notice that Our Revolution is requesting a delay in the hearing for the Clarendon Hill proposals.

As a co-president and leader of the Clarendon community I ask that you do not delay the hearing and continue with May 3rd's hearing as planned.

Our Revolution nor the Union should not have a say as they do not have any role as direct as the residents who live at Clarendon.

This hearing should not be delayed or rescheduled to cater a party that has nothing to do with Clarendon besides fight for more money. Residents deserve this redevelopment to be expedited as quickly as possible and adding another week for opposition to build against us only helps those who will not be directly affected by this project.

By delaying the hearing the Board will be clearly showing favoritism towards those looking to seek more profit in the form of work opportunities instead of favoring the lives of people who matter the most - Clarendon Residents.

Thank you,

Jessica Turner  
Clarendon Residents United
