**Subject:** urban forestry committee

Hello!

My name is Sarah Sweeting, I am 16, and am currently a junior at Somerville High School. The Urban Forestry committee sounds extremely interesting- I have been trying to get more involved in the city's environmental outreach and footprint, and this sounds like the perfect opportunity. Urban agriculture is the future, and every aspect of it is vital for the preservation of our planet; and I want to play my part.

I am quite interested in biology and environmental science in general, and I would love any experience involving the ladder or anything else regarding those studies that I definitely don't know about yet.

My email is [REDACTED] and my phone number is [REDACTED] I am available to talk after school hours, and can meet as well.

Thank You,  
Sarah Sweeting
