
COMMUNITY PARTICIPATION PLAN

CITY OF SOMERVILLE

Office of Strategic Planning & Community Development
93 Highland Avenue
Somerville, MA 02143

Pursuant to the requirements of 24 CFR 91.105, the City of Somerville hereby issues the following plan to provide for and encourage community participation in the development of the City of Somerville's Consolidated Plan, Annual Action Plan, Assessment of Fair Housing, any substantial amendments to the Consolidated Plan, Annual Action Plan, or Assessment of Fair Housing, and the Performance reports (CAPER).

I. Introduction

The City of Somerville annually receives Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME) and Emergency Solutions Grant (ESG) funds from the U.S. Department of Housing and Community Development (HUD), which it administers through the City of Somerville Mayor's Office of Strategic Planning and Community Development. In 1995, the Department of Housing and Urban Development (HUD) combined the CDBG, HOME, and ESG application cycles, creating the Consolidated Plan process. Now this single process is used to evaluate needs, set priorities and allocate funds to implement projects using CDBG, HOME, ESG, and McKinney funds. As a recipient of these entitlement program funds, the City is required to produce the following documents:

1. **Consolidated Plan:** A five-year plan that documents Somerville's housing and community development needs, outlines strategies to address those needs, and identifies proposed program accomplishments.
2. **Annual Action Plan:** An annual plan that describes specific CDBG-, HOME- and ESG funded projects that will be undertaken over the course of the upcoming fiscal year.
3. **Consolidated Annual Performance and Evaluation Report (CAPER):** An annual report that evaluates the use of CDBG, HOME, and ESG funds.
4. **Assessment of Fair Housing (AFH):** an analysis of local fair housing issues that sets priorities and goals for addressing those issues

In addition to these reports, program recipients must also have in place an approved Community Participation Plan as a requirement of the Cranston-Gonzalez National Affordable Housing Act and Section 508 of the Housing and Community Development Act of 1974, as amended, for direct recipients of HUD programs. This Community Participation Plan has been developed to provide residents, local and regional institutions, and other interested agencies and organizations with opportunities to participate in an advisory role in the planning, implementation and evaluation of the CDBG, HOME and ESG programs which primarily benefit Somerville's low- and moderate-income residents and to review and comment on each of the documents listed above.

II. National Objectives

The primary purpose of these formula grant programs is to assist low to moderate income persons achieve the following goals:

1. Provide decent, safe, and sanitary housing
2. Provide a suitable living environment
3. Expand economic opportunities

Furthermore, under HUD regulations, each activity to be funded must meet one of the above objectives and address one (or more) of the following:

- Serve low or moderate income residents (low or moderate income residents are defined as individuals, families, or households with an annual income less than the Section 8 low income limits. These limits are generally defined as 80 percent of the median area income or less, but greater than 50 percent of the median area income as established by HUD to qualify as low and moderate income individual, families, or households; or equal to 50 percent of the median area income or less as established by HUD to qualify as very low income individuals, families, or households)
- Affirmatively further fair housing by eliminating or reducing slum or blight, improving access to opportunity, expanding housing choice, and allowing for increased mobility.
- Meet an “urgent need” (damage caused by a flood or hurricane, etc.).

III. Administration

The programs are administered by the City of Somerville Mayor’s Office of Strategic Planning and Community Development. Throughout each step of the funding process, the OSPCD will be responsible for notifying agencies, organizations and the public regarding funding availability, and assisting the Mayor with funding decisions. The Consolidated Plan identifies and prioritizes community development needs, project proposals, and the specific funding needs of programs. The OSPCD will solicit community input for the Consolidated Plan in order to understand and prioritize community needs, and to further explain the consolidated planning process. The consolidated planning process is completed in several stages summarized below:

The City will also provide an opportunity for residents to review and comment on the contents of a draft of the plan by publishing a summary of the plan in local newspapers of general circulation, making copies of the document available on the City's website and in public locations around the City. More information on public comment procedures is provided in section X .

V. Development of Assessment of Fair Housing (AFH)

The AFH is an analysis of fair housing data, fair housing issues, contributing factors, and an identification of fair housing priorities and goals, which is conducted and submitted using HUD's Assessment Tool. The OSPCD will solicit community input for the AFH in order to understand fair housing issues, prioritize contributing factors needs, and identify strategies and actions to mitigate contributing factors and reduce fair housing issues. The Assessment of Fair Housing process is completed in several stages summarized below:

data and other supplemental information related to the AFH available to the public at the beginning of the community participation process. The City will do this by providing links to the data and maps on the City's website, through social media posts, and in direct emails to local and regional institutions, agencies, businesses, developers, nonprofit organizations, philanthropic organizations, and community-based and faith-based organizations.
