

Matthew L. McCune

SUMMARY

I am a disciplined, motivated, and hard-working student currently enrolled Salem State University's Physical Education 5-12 Master's Program. While my academic training is primarily rooted in education, my interest in public service stems from my deep-rooted desire to help people, a guiding value in both fields. Throughout my time working with a diverse group of people in a variety of settings (as a camp facilitator, coach, and teacher) I have cultivated the ability to connect and form relationships built on trust and integrity. In doing so, I always aim to improve every community that I am a part of.
