(ID # [26-0161](#))

Requesting the acceptance of Massachusetts General Laws Chapter 40, Section 13E, to establish a Special Education Reserve Fund.

Robert Berretta, Interim Chief Financial Officer for the School Department stated this is a great opportunity for collaboration between the city and the schools to provide support to the students most in need. This fund would help assist some unanticipated costs without endangering the rest of the School Department budget, and is designed to promote transparency and trust.

In response to a question from Councilor Strezo, Mr. Berretta outlined the process for distributing funds, noting that it require approval by a majority vote from both the School Committee and the City Council. Mr. Berretta shared the funds are directly related to covering costs for students.

Councilor Mbah inquired about the process to determine the needs of

students across the many different experiences of families and students in the district. Mr. Berretta responded that, generally, a process is in place to address deficits in students early on through data tracking and if interventions are not successful a referral is done for additional testing for special education services. He directed Councilor Mbah to school staff who directly serve students with special needs.

Councilor Ewen-Campen clarified upon the acceptance of this General Law that funds that are not used stay in this fund rather than being returned to the city in the general fund, Mr. Berretta confirmed that is the goal with this fund. Legislative Liaison Raddassi added that funds can be used in future years.

Discussion continued around the timeline for this item. Once the Massachusetts General Law is accepted, there is an item pending in the Finance Committee to appropriate funds.
