206747: Requesting the adoption of a New Zoning Ordinance (9/2018 update) to supersede the current Zoning Ordinance as originally adopted on March 23, 1990.

Mr. Bartman gave a presentation that included a list of potential meeting dates between now and July 11. The March 12 meeting will have four joint hearings: Open space, Tree protection and Zoning Overhaul. Mr. Bartman would like to bring in a parking consultant on April 22.

Councilor Hirsch asked about NR and UR districts and how this will affect the zoning map. Mr. Bartman stated that any amendment to the map needs to go to the GIS consultant very soon so that version 4 in April will show all the changes. Councilor Niedergang suggested having a couple of meetings on the proposed Zoning Ordinance in June and cut back on the Budget Hearing meetings. The revised zoning ordinance will be provided in red-line form with changes in version 4 tracked against version 3. There were discussions on several points in the presentation, including NR setbacks and examples of distances in other communities outside of Massachusetts, the concept of accessory apartments, and the use of carriage houses. Chair Davis noted that Mr. Bartman's presentation can be found at www.somervillezoning.com for any members of the public that would like to review the detailed slides.

Councilors Ewen-Campen, Scott, and Niedergang each introduced potential proposals for amendments to the proposed zoning overhaul. Councilor Niedergang sponsored Mr. Berman to speak on certain proposals that are specific to affordable housing and that were primarily drafted by Mr. Berman. The members asked questions of Mr. Berman as well as Mr. Bartman. Councilor Niedergang noted that he already has some changes that he plans to make to the proposals at a future date. Chair Davis agreed to a request by Councilors Niedergang and White that the written submissions from Councilors Ewen-Campen, Scott, and Niedergang be attached to the record so that they can be viewed by the public.

KEPT IN COMMITTEE

206481: 18 registered voters submitting a proposed Zoning Ordinance amendment to add a new Section 17.8 re: open space requirements for mid-rise and high-rise buildings.

Items 5 and 6 were discussed together. The Chair stated that there are two separate proposals to address the creation of open space and that the administration has been working with the drafters of the citizen's petition on a unified approach. Mr. Bartman will meet with Mr. Shelton when he returns from being out the country. Mr. Bartman went through a Slide presentation that included discussion of the two open space amendments. Chair Davis noted that the presentation is available at www.somervillezoning.com for members of the public that wish to review the detailed slides. Mr. Bartman raised a couple of questions about what share of the remaining 88.25 acres needed to reach the SomerVision goal of 125 new publicly accessible acres will be required as part of the new development and how this could be funded. Mr. Bartman discussed

“dos and don’ts” of Zoning for Public Space Creation along with clarifying the difference between public space and civic space. Mr. Bartman will provide complete presentation prior to the public hearings on the two open space amendments on March 12.
