13. Oversight
-

13.1 Order
(ID # [26-1026](#))

By Councilor Scott

That the City Clerk inform this Council as to the final status of item #25-0905, a unanimous vote in favor of adopting Chapter 329 of the Acts of 1987 on May 22, 2025.

Councilor Scott stated this item was entered in response to public confusion about the Council's ability to vote on the budget. Clerk Henderson responded that the item had been vetoed by the previous administration. The Mayor's signature is required to adopt Chapter 329 and without the Mayor's signature the item does not move forward. Clerk Henderson stated there was a letter that was presented to the Council about why the administration chose not to approve the item. City Solicitor Amara stated that "veto" is not the specific action but rather the previous Mayor did not approve the item, which is required to be in place for adoption. City Solicitor Amara clarified even if there was approval it would not be in effect for this current budget cycle.

13.2 Order
(ID # [26-1025](#))

By Councilor Scott

That the City Attorney advise this Council on the Mayor's compliance with Section 6-4 of the Somerville Charter as it relates to the submission of the Fiscal Year 2027 budget, particularly "the school budget, as adopted by the school committee".

City Solicitor Amara shared an opinion from Law that the budget put before the Council was lawful. Upon review of Charter meetings, it is the opinion that the goal was to enforce more timely submissions to the City Council so there was more time to review the budget. The requirement is that the School Committee as a Department submit their budget to the Mayor and the Mayor include that in the general operating budget which includes the School's Budget in the submission. At the time of the budget's submission the vote from the Finance sub-committee was not lawful but there has since been a vote to approve the budgeted amount that is consistent from the School Committee and what is within the Mayor's budget submission. Conversation continued around previous budget seasons and actions taken by the Council to vote down a previous budget submission by a Mayor and around the interpretation around the language included in the City Charter. Councilor Link expressed his understanding of the City Charter language being that the Mayor's Budget would be inclusive of the School's Committee voted on budget.
