Mr. Malik Drayton
City of Somerville
Somerville City Hall
92 Highland Avenue
Somerville, MA 02143

Dear Mr. Drayton:

I would like to apply for a position on the Somerville Conservation Commission. I have been a Somerville resident for 30 years, moving here from Tokyo, Japan where I previously lived to attend college at Tufts University. Since graduating from Tufts with both my BS and MS in Civil and Environmental Engineering, I have been employed as an Environmental Engineer with several consulting firms in the Boston metropolitan area.

As you can see from my resume, I am a Licensed Site Professional (LSP) in the Commonwealth of Massachusetts, specializing in the assessment and remediation of petroleum products and hazardous substances. I am currently employed at Sanborn, Head & Associates as a Project Director. During my career, I have had experience navigating the regulatory framework of the Wetlands Protection Act (WPA), as I have performed investigations and conducted remediation within wetland areas. I have prepared numerous Notices of Intent and other related WPA forms. I also have extensive knowledge in erosion and sediment control, stormwater management.

I would welcome the opportunity to serve on the Somerville Conservation Commission for a three year term. Please do not hesitate to contact me via email at my personal email address [REDACTED] or by phone [REDACTED] if you have any questions.

Sincerely,

Susan O'Brien
