4.8. Resolution
(ID # [23-0965](#))

By Councilor Strezo, Councilor Burnley Jr., Councilor Clingan, Councilor Davis, Councilor Ewen-Campen, Councilor Gomez Mouakad, Councilor Kelly, Councilor McLaughlin, Councilor Pineda Neufeld, Councilor Scott and Councilor Wilson

That the Somerville City Council condemns antisemitism.

Councilor Strezo stated that incidents of antisemitism are on the rise nationally, as well as in Somerville, and that 2022 saw the most incidents of antisemitism nationally. She said that this is a call to action, not a ‘soap box’ speech and sponsored four speakers to address the Council.

Marie Axner addressed the Council saying that antisemitism is growing in Massachusetts, having the 2nd highest rate of white propaganda. The myth says that Jews run the banks and are to blame for other problems in society. Jews are working class people and some are in poverty. Ten to fifteen percent of Jews in the United States are people of color. Ms. Axner stated that antisemitism hurts people on a daily basis and said that there are reports of swastikas painted in the bathrooms in the city’s schools.

Juliette Rooney-Varga said her parents are holocaust survivors. She hid her Jewish heritage and thought it was safe to bring up her children as Jewish in Somerville. She learned about some of the antisemitic incidents that were happening in the city’s schools from her Rabbi, not from the schools. The bias against Jews is different than what is shown to other groups and she asked the Council for support and to take steps to stop this before it gets worse.

Rabbi Eliana Jacobowitz informed the Council that MA is 2nd after Texas in antisemitic incidents and that school children in Somerville, Cambridge and Arlington are experiencing it. Adults in Somerville are feeling less safe and are unsure about identifying as Jewish.

Lynn Weisman said that antisemitism is just one of the ways specific groups are targeted. Her sons attended Somerville public schools and were exposed to more subtle form of antisemitism. She believes that there should be clear policy in place to deal with antisemitism.

Councilor Pineda Neufeld recounted that she was asked why she chose such a Jewish name for her son. **Councilor Davis moved that the Chief of Police report to the Council how decisions were made regarding the stickers handed out in Davis Sq. The entire Council co-sponsored the order and the motion was approved.** Councilor Davis also asked that President Ewen-Campen bring up this matter at the next School Committee meeting.

Councilor Scott noted that Ward 2 has seen antisemitism graffiti and Councilor Wilson agreed that clearly, more needs to be done to combat this. Rabbi Jacobowitz said former Mayor Curtatone and current Mayor Ballantyne have been supportive, but there is a lack of training in the schools, Police and Fire Departments. She would like to have a reporting system for “low grade” antisemitic acts, e.g., graffiti.

Councilor Strezo asked that this Resolution be sent to the city’s state delegation, the governor, the Superintendent of Schools and School Principals.

RESULT: APPROVED

4.9. Order
(ID # [23-0984](#))

Conveying information regarding the Winter Hill Community Innovation School.

Mayor Ballantyne gave an update on the situation and reported that the displaced students returned to school today at 3 different locations. The city is committed to either a complete renovation or rebuild of the Winter Hill Community Innovation School (WHCIS) and will allocate all needed resources with urgency. Quality classrooms will be available for the start of school in the fall. Mayor Ballantyne told the Council that they will need to approve the needed funding. The city is meeting with the Massachusetts School Building Authority (MSBA) next week and has also been in communication with the archdiocese of Boston regarding the Matignon High School facility. The Mayor went on to say that people are right to be upset. There is much to be done and details are developing rapidly. President Ewen-Campen said there's a sense of concern for next year and wants a public, transparent process and the Mayor stated that a community meeting will be scheduled. Councilor Clingan commented that the sooner a decision is made regarding what to do with building, the better.

Director of Infrastructure and Asset Management Rich Raiche said it's premature to rule anything out, and that the city wants to determine what is possible or impossible. Councilor Wilson commented that there's a real issue with trust and that transparency is needed. He thinks that representatives from teachers and parents should be involved and have a seat at the table during discussions. Councilor Scott said he's concerned that MSBA phases are being followed which may be irrelevant if the city is not going that route, thus, an abbreviated process could be pursued. Mayor Ballantyne explained that there are two parallel paths currently. Money has been put aside to fund a feasibility study while still pursuing the MSBA option. An enrollment study shows student population is declining but Special Needs programming is increasing. Councilor Scott said a third option would be to look at any sites that may be available. The Mayor said that a community process is needed to answer several questions. Director Raiche said meeting with the MSBA will lead to a conclusion of how the city may move forward. Councilor Kelly noted that this is the same exact conversation discussed a year ago. The city was asked, last year, to address the issues at the school and problems still exist today. The sooner answers are provided, the sooner fears can be allayed. She hopes that when the FY

2024 budget is passed, it will have an answer to where students will be in the fall. Councilor Pineda Neufeld suggested that this matter be treated as a crisis, like COVID was, and that by giving the community some opportunity to know what decisions are being made, trust may start to be rebuilt. Councilor Gomez Mouakad commented that there are two issues: 1) communication and a lack of trust in the building and 2) how does the city diagnose and expedite a resolution. She stated that we are all to blame and that plans for bike lanes, curbs, etc., are advocated for but when it comes to the schools, the advocacy wanes. Councilor Wilson commented that a good step would be to get a clear explanation of how things might work, with timelines, for people to understand the process.

Councilor McLaughlin spoke about Somerville being one of first cities to carry naloxone. He had a friend who overdosed and was revived by Fire Department staff, who were carrying naloxone (Narcan). The communication deals with the number of lives saved by police using Narcan. Councilor McLaughlin noted that when a call is received at 911, the alert is sent to all first responders and who ever reaches the victim first can use the Narcan to save a life. He gave some statistics indicating that there is an overdose every week in the city.
