Mr. John Long
Somerville City Clerk
Somerville City Hall
93 Highland Avenue
Somerville, MA 02143

Dear Mr. Long:

We are enclosing the first report to the City of Somerville pursuant to the requirements of the University Accountability ordinance.

We have created the university's directory based on the requirements of the ordinance including student name, address, status, and expected graduation date. As discussed we are not providing student names but have provided the list of off-campus addresses where students live. While we were able to obtain a substantial amount of student local addresses through our course registration system, we expect to have a more complete list of student addresses in the spring term.

Through our Residential Life website, off-campus brochures and various informational programs, we informed students that Somerville allows only four individuals to reside in one housing unit.

We have also attached a list of all properties currently owned and operated by Tufts as student residences. We were uncertain how to categorize several university-owned properties that are beyond the edges of the campus proper, such as 92-94 Curtis Street and Tousey House on Edison Ave in Medford. For purposes of this report, the students residing in those properties are considered to be living on campus. If you would like us to treat them differently for future reports, please let us know.

I would be happy to answer any questions or provide additional information.

Sincerely,

A handwritten signature in blue ink that reads "Barbara Rubel".

Total number of student enrolled:

- Undergraduates: 5,162 (This number does not include students who are enrolled but are studying abroad on Tufts programs and undergraduates in the new 1+4 program who are also not on campus. It does not include students who are studying abroad on non-Tufts programs.)
Graduate students: 2,460 (This number does not include Fletcher students in the GMAP program who only visit the campus for a short time.)

Total number of students residing in university housing:

Dormitories—undergraduates	3,338
Graduate students	33
Fletcher students	84
Fraternities and sororities	<u>147</u>
	3,602

Sixty seven percent of undergraduates who are taking courses on the campus live in university housing. Graduate students are more widely dispersed for their housing.

Total number of students residing off-campus:

- Students who have registered off-campus addresses in Somerville:
 - 818 undergraduates
 - 541 graduate students

Note: we have Medford off-campus addresses for 642 undergraduates and 580 graduate students.

Notes:

- * All first and second year undergraduates are required to live in university housing.
- * Graduate students live in a variety of communities and not necessarily close to the campus. Some are not currently enrolled in classes but are working on a thesis, etc.
- * The number of undergraduates studying abroad is higher in the spring semester.
- * Tufts does not rent or lease any property for use as student housing.
