Chairman Lafuente discloses that Federal Realty Investment Trust is a client of his company, Flagraphics. Mr. Glavin requested additional time to prepare a report on the subject, due to the recent retirement of Counsel Anne Thomas. Alderman White requested a copy of the redevelopment plan for Assembly Square and also asked that there be a discussion of the enabling acts and the way in which a redevelopment authority impacts it.

RESULT:**KEPT IN COMMITTEE**

193585 - Requesting approval of the Union Square Revitalization Plan, per MGL c121B s48 and 760 CMR 12.00 et seq.:

Mr. Glavin spoke about the revitalization plan's goals, reviewed the map of the proposed lots to be created for disposition and discussed parcels of land that would be impacted by the MBTA station. The estimated cost to demolish the proposed site is \$6 million. To fund the acquisition of real estate needed, the city will be requesting the issuance of bonds. Mr. Glavin will ascertain whether redevelopment authorities have the ability to acquire their own bonds and will report that information to the committee.

Mayor Curtatone assured the members that the city would go above and beyond what is required for outreach and he stated that the timeline for the Green Line extension is not flexible and must be adhered to. Chairman Lafuente stated that the lots selected are among the most poorly maintained in the area and he believes that a cohesive plan is necessary to accomplish the goal.

Alderman Taylor spoke about the calls he has received from property owners and he does not agree that all of the proposed properties need to be taken. He feels that the city is being too ambitious and he would like to delay the scheduled public hearing on this matter until the end of October.

Alderman White expressed concern about not knowing what he is voting on with respect to future parcels involved and asked how the redevelopment authority would be able to acquire other parcels in the future, suggesting that future eminent domain takings be subject to approval by the Board of Aldermen. He also spoke about how this might place some properties in limbo because of the amount of time the development could take. Alderman White requested that a listing of the assessed values of all the parcels impacted by this plan be provided.
