10. Resolution 205695 (ID:18517) By Ald. Ewen-Campen, Niedergang, and the Entire Board Supporting the Environmental Justice Act (MA Bills H.2913 and S.426).

Alderman Ewen-Campen described the Environmental Justice Act and introduced Bonnie Cohen, a Somerville resident and a Member of Mothers Out Front. She referred to research from 2015 that showed that in Massachusetts low-income communities face cumulative exposure to environmentally hazardous facilities and sites that is 4 times greater than high-income communities, and that high-minority communities face cumulative exposure that is over 20 times greater than low-minority communities. That alone is convincing evidence for a statewide policy, but to bring the issue even closer to home, Somerville ranks 8th in the State for total environmental hazards per square mile, and 16th for the most overall hazards. This research didn't even include some of the impacts that are most prevalent in Somerville, such as proximity to major traffic arteries, lack of green space, and home hazards such as mold and lead paint. Separate research led by Tufts and community researchers, known as the CAFEH report, included Somerville and found a positive association between the ultra-fine particles in traffic pollution and health issues such as stroke, ischemic heart disease, and hypertension. People of color and low-income were disproportionately impacted. The Environmental Justice Act is an excellent opportunity for governmental action, and Mothers Out Front urges the Board to support it.

**RESULT: APPROVED**

11. Order 205696 (ID:18518) By Ald. Ewen-Campen That the Commission of Public Works, the Director of Traffic and Parking and the Director of Engineering provide this Board with a written policy requiring written notice to abutters of a prolonged street closure related to construction.

On smaller streets, there are about 5,000 cars per day in the Union Square area, whereas such streets elsewhere would normally have 1,000. Alderman Niedergang reported that the meeting focused on the revised draft of the Real Estate Transfer Fee Home Rule Petition, as drafted by the City Solicitor. Discussion focused on the exemption for all sellers with the residential property tax exemption, and how long that exemption must be in place for. The Committee decided to leave it at 2 years but to clarify that it was for just the 2 immediately-preceding years. The Committee discussed the funds that would be raised, and added the following: "The City shall use revenue from the fees raised pursuant to this act to fund affordable housing programs including but not limited to limited equity arrangements, community land trusts, purpose built housing and other programs to underwrite the affordability of properties with a preference where permitted by applicable law for current and recent Somerville residents and employees." The Committee also added a reporting requirement on the proceeds. The Committee considered placing the Fee on the ballot as a binding referendum, but that was voted down 9-2. There will be a Public Hearing on the revised draft May 7, and the Committee urged the Administration to notify all residents using the CTY call system, though the Administration has so far declined to do so. 106. Resolution 205792 (ID:18553) By Ald. Ballantyne That the new coalition Somerville Stands Together share with this Board their mission to support workers' rights and other progressive issues in Somerville.

The President introduced Virginia Hussey, a third generation Somerville resident, who spoke to the Board about the mission of Somerville Stands Together. She asked the Board to support local residents and not out-of-town developers. She said that most the City's public service workers don't have a contract and have not had a raise in many years, and, as rents continue to climb, many are being forced out. She said Somerville Stands Together calls on the Board to support new priorities, invest in new and affordable housing, ensure respect and fair contracts for City workers, update and enforce the Fair Labor Ordinance, allow employees to hold union elections at businesses that are given tax breaks by the City, and hire local union workers on construction projects.
