There being no speakers, the public hearing was closed. Councilor Mbah asked for confirmation that the Ward Councilor was supportive. The applicant confirmed that he completed a Mobility Management Plan with the city, part of which was for the garage to be open around the clock. The garage is not dedicated to the building, but open to the public at large. Chair Burnley reminded the applicant that this is a recommendation, and requires a vote from the City Council, which will take place tomorrow. - 3. License Renewing Garage License, Dewire Family Trust, 141 Beacon Street.
 (ID # [24-1109](#))

Licensing Operations Manager Michael Potere relayed that the applicant was unable to attend. Mr. Potere shared a brief history of the business, which has been continually operating as a commercial garage since about 1940. Chair Burnley shared that the Council attempted to discuss licenses from this entity several times and were not able to get in touch with the owner. There have been concerns from the community about this application. Councilor Mbah asked about any ticket history and Manager Potere confirmed that he did not locate any tickets. Mr. Potere also confirmed that his understanding is that the vehicles stored here are long-term leases, and the garage is not staffed. Chair Burnley noted that there is a pattern of garages by this applicant that have raised public concerns due to neglect and cleanliness. He also inquired about the impact to the business if the Committee does not take action. Mr. Potere clarified that there would be no adverse impact to the business if the Committee kept this in committee for further discussion.

RESULT: **KEPT IN COMMITTEE**
