Call for a Hearing on Tufts PILOT & Community Benefits

1

The undersigned residents of Somerville petition the Board of Aldermen to hold a hearing on Tufts University's Payments In Lieu of Taxes (PILOT) to the City of Somerville and increasing other benefits that Tufts could provide to our community.

Tufts currently only pays Medford and Somerville \$275,000 each year or about 4% of its assessed land value. *In Boston it pays 25% of its assessed land value.* If Tufts paid 25% in Somerville, it would be **\$1,675,125**. Even if Tufts donated one-half of those amounts in "services," its cash payments to our city would be **\$837,562!**

This year the mayors of both Somerville and Medford will be negotiating with Tufts for new five-year PILOT agreements. The past PILOT agreements have fallen far short of what Tufts pays Boston and what our communities deserve.

Therefore, we petition the Board of Aldermen to hold a public hearing on what Tufts should pay Somerville and what additional benefits it should provide to our city.
