Mr. Long

This is to certify that we, MASTER USED CARS, have knowledge about all modification terms proposed by the city hall of Somerville. We will take care of everything listed to us and make it right in best way possible as we always did for the past 18 years in this same location.

However, some of this measures can interfere directly in our business in the negative way.

We used to have around 45 cars in the parking lot to work with, now it dropped to 23 cars, half of the lot. So we would like to request authorization to keep at least 38 cars in the parking lot so we can keep the business flowing as it was.

We also request an extension for Saturday's closing hours. Most of our sales are completed in between 2pm – 5:30pm because the majority of our customers come in after work.

We appreciate your attention and hope that you consider our requests.

Thank you.

Regards,

MASTER USED CARS LLC
