In response to a question I had, if you are OK with this amendment, you can just reply to me in an email. No need to circulate a new application form.

Good Morning All,

More updates from the "Ted" movie crew, which I'd like you to weigh in on.

Though they've gone back to their original plan of filming in Boston in the morning, and coming to Somerville in the evening, the time has been pushed back. They're now looking at arriving around 9pm, and leaving at 1am (filming would theoretically be over likely around midnight). Because none of the scenes involve loud noises, etc., and most of the "disturbances" would be from minimal generator noise and the lights, AND because we allowed "The Town" to film at this hour in a residential neighborhood a few years back, I don't technically see a problem with it. Of course, that's dependent on those of you who uphold the law and will be on-site for the duration of the filming. Bear in mind that they will be sending letters to all potentially affected residents (few in that area) and businesses in advance, and including a cell phone number for someone on-set.

Secondly, they're now wanting to use the taxi spots on Day Street to park a Condor. This is an addition to the original plan. How feasible is that?

Ryan said he'll be sending me their maps of the requested areas that we've discussed tonight, and I will send those on for review as well.

John: can we change the requested time on the permit application, pending the approval of all Dept. Heads on this e-mail?

Jackie, if all Department Heads sign off on this amendment, I'll modify the permit application that's going in to the BOA tomorrow night. By the way, all 4 departments had signed off on the original application.
