EXPERIENCE

2011 - PRESENT

CITY OF SOMERVILLE, FIRE DEPARTMENT, FIREFIGHTER

The majority of my time here in the City of Somerville has been on Rescue 1 and now Engine 2. I have completed multiple training certifications including: Ice Water Rescue, Technician Level Trench Rescue, Completed an 80 Hour Structural Collapse Technician Course, Confined Space Rescue Training, Hazmat Training, and High Angle Rope Rescue Technician Training. Duties include fire suppression, EMS, and providing customer service at all times to the public. Having over 1,000 hours of Acting Lieutenant time supervising crew members during emergency situations. Completed numerous incident reports, daily rosters, and conducted trainings for the crew. Commanded Engine 2 at two structure fires during that time.

2008 – 2010

CITY OF MALDEN, FIRE DEPARTMENT, FIREFIGHTER

Majority of my time was on Engine 3 where I was lucky to be introduced to the hazards of this job early on in my career. Everything from stand pipe operations in a high rise fires, trench cut ventilation during multi-unit structure fire, and relay pumping at multiple fires. It was during this time, I completed my EMT certification and have renewed ever since.

2002 – 2006

UNITED STATES NAVY, VAW-126, AVIATION ELECTRICIANS MATE

Certified in ship board firefighting, handling and fixing of highly valued electronics in a E2-C Hawkeye, and was also the lead sailor in the avionics shop in creating, organizing, and filing of all tools, parts, and hardware on a spread sheet for easy accountability within the shop. Awards received: Sea Service Deployment Metal, Navy "E" Ribbon, Good Conduct Medal, Global War On Terrorism Medal, Nation Defense Service Medal.
