

DPW Water Dept Boiler System:

The Water Department Boiler System failed in the fall of 2024 and requires full replacement. There is currently a rental boiler in place. The expense to lease and run the mobile boiler is approximately \$100,000 per year.

DPW proposes to design, remove and replace the current boiler. The cost to complete this project is approximately \$350,000.

The project will include.

- Design and engineering by design firm
- Bidding administration by design firm
- Construction management by design firm
- Furnish, remove and replace boiler and related components

Brown School Boiler Systems:

The Brown School boiler system failed in the fall of 2024 and requires full replacement. There is currently a rental boiler in place. The annual expense to lease and run the mobile boiler is approximately \$100,000.

DPW proposes to design, remove and replace the current boilers. The cost to complete this project is approximately \$450,000.

The project will include.

- Design and engineering by design firm
- Bidding Administration by design firm
- Construction Management by design firm
- Furnish, remove and replace boiler and related components
