Assembly Square Fire Station Update

*Joint Memorandum from Mayor Katjana Ballantyne and Fire Department Chief Charles Breen conveying an update regarding the new Assembly Square Fire Station*

---

Mayor Ballantyne and Somerville Fire Department Chief Breen wish to convey to the City Council our intention to move forward with housing an engine company at the new Assembly Square fire station. City departments are actively coordinating internally toward this goal and outlining next steps. We look forward to updating the Council and other stakeholders on our progress as we move forward.
