Subject: Remove Davis Square homeless encampment NOW

City Council,

There is now a full on homeless encampment in Davis Square. This getting out of control and moving in the exact opposite direction that it needs to. The city needs to remove the encampment and crack down on the behavior in the square IMMEDIATELY.

This is not complicated. Tell them to pack up their stuff, throw out their garbage, and move along. If they don't comply, arrest them and throw it out for them. Find people who are clearly strung out, arrest them for public intoxication, and search them for hard drugs and arrest them for whatever you find. Make it clear that the city does not tolerate the presence or behavior of antisocial junkies.

The city could take these actions within the hour. What could possibly be taking so long? The inaction is baffling and absolutely infuriating. You are letting your constituents down.

Thanks,
Jonah Abrams
