Re: Interest in Appointment, Matthew Liebhold, 11 Center Street, Somerville, MA
02143

Date: August 19, 2011

Mr. Liebhold of 11 Center Street in Somerville has expressed interest in being appointed conservation commissioner for the City. Mr. Liebhold spoke with myself and Rachel Kelly, the Somerville Conservation Agent, on August 18 and is a qualified candidate. Current commissioner Elizabeth Pile would like to step down from the position, enabling Mr. Liebhold to fill her seat.

For the past two years Mr. Liebhold has worked in the clean technology field, launching a website dedicated to facilitating investment in clean technology. Current Commissioners voted to favorably endorse and recommend his application to the Commission at their July 26 meeting. Attached is Mr. Liebhold's request to the Mayor and his resume for review. Please contact me with any questions regarding this matter.
