Public Hearing regarding rodent issues:

The committee heard from a resident who asked that the city remove a dumpster belonging to an apartment house and that the city be more aware of dumpsters throughout the city. A representative from ISD will visit the site to review the serviceability of the existing dumpster and make a suitable recommendation to repair or replace it.

196294 - That the Director of Health appear before this Board's Rodent Issues Special Committee to present the work of the Rodent Task Force and new programs to address rodent issues.:

WORK COMPLETED

196301 - That the Rodent Task Force present its findings and recommendations at the next scheduled meeting of this Board's Rodent Issues Special Committee.:

Members of the Rodent Action Team (RAT) distributed information relative to their investigation of the city's rodent problem. To date, 15 applications have been received for rodent control assistance, wherein the city would pick up the tab if the property is owner-

occupied and qualified for assistance. The Law Department is reviewing what penalties may be imposed upon property owners by the city for violations of rodent control ordinances/policies. ISD will request that the City Solicitor weigh in on the possibility of assessing a surcharge to property owners. The city has contracted with SenesTech to service 2,000 properties in the city. (There are approximately 6,000 properties that are owner occupied.) Members were told that one of the mayor's tasks is to take this rodent control initiative to other mayors.
