Subject: Urban Forestry Committee Youth Application

Categories: APPLICATION

Dear Ms. Boukili

My name is Callen Scott and I am a highschooler in Somerville. I think what the Urban Forestry Committee does is very important and I would like to be a part of it. I am a 15 year old sophomore at Somerville high and I really wish there were more green areas in this town. I do not have much of a resume but I have worked in city programs before and I take great interest in what the committee does. I hope I may be considered for the spot, and a good way to contact me is through this email or my phone number which is [REDACTED].

Thanks, Callen
