

To: Public Health and Public Safety Committee

From: Charles Femino Chief of Police, Somerville Police Department

Date: 1/23/23

22-0959 That the Chief of Police provide this Council with a list of confirmed shootings, by year, that have taken place in Somerville between April 2018 and April 2022 and the number of rounds that were discharged per shooting, and discuss the outcome of each shooting as to whether anybody was held accountable.

Below is a list of confirmed shots fired – the corresponding date, time, location and estimated number of rounds discharged – between April 1, 2018, and April 30, 2022. Documentation of the outcome of each shooting is not yet complete as it requires manual review of each incident over the four-year period. This involves a review of incident reports, case notes, as well as meeting with each Detective to collect additional information relevant to the request. The information will include whether charges were filed as well as firearms recovered.

Confirmed Shots Fired: April 1, 2018 – April 30, 2022

Date Occurred	Time Occurred	Location	Est Rounds Discharged
