F. The City and Developer desire to enter into this Agreement in order to grant each other easements over portions of the Public Property and Private Property, respectively, and to allocate maintenance responsibilities in connection therewith, all as more specifically set forth herein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and Developer hereby agree as follows:

1. Grant of Easements to Developer. The City hereby grants to Developer a non-exclusive easement on, over, across and through portions of the Public Property identified on the Easement Plan attached hereto as Exhibit C as the Sidewalk Easement Area (the "Sidewalk Easement Area") for (i) the purpose of exercising the Developer Maintenance Obligations (defined below), and (ii) all purposes as if the Sidewalk Easement Area were part of the Phase I Project, including, without limitation, the installation, maintenance, replacement and repair of directional, wayfinding and Project identification signage, lighting, utilities serving the Project, seasonal decorations, special materials, street seating, decorative elements and other facilities and improvements and, subject to all required permits from the City, the usage of the same for individual tenants of the Project (such as outdoor restaurant seating or retail kiosks) or events serving the Project and/or public (such as special events or activities or valet parking areas). Developer's right hereunder shall include the right, with prior notice to the City, and any otherwise required permit from the City, to close Public Ways, the Sidewalk Easement Area and other landscaped areas and/or sidewalks located on Private Property on a temporary basis from time to time for maintenance, repair and replacement of improvements thereto and for special events and activities. To the extent that any portion of the Sidewalk Easement Area has not yet been dedicated and conveyed to the City, and is owned in fee by Developer, the doctrine of merger shall not be applicable to any of the easements, rights, privileges, responsibilities, obligations and covenants contained herein with respect to the Sidewalk Easement Area and there shall be no merger of estates or interest created herein as a result of any unity of title or interest thereto or therein.

2. Grant of Easements to the City.
 - (a) Developer hereby grants to the City a non-exclusive permanent easement, in common with Developer and all others now or hereafter entitled thereto, on, over, across and through those certain portions of the Private Property shown on the Easement Plan attached hereto as Exhibit C as the Pedestrian Right of Way Easement Area and measuring five (5) feet in width (the "Pedestrian Right of Way Easement Area") for the purpose of pedestrian access for the general public at all times, twenty four (24) hours a day, seven (7) days a week. The Parties agree that the rights of the general public hereunder to utilize such sidewalks for pedestrian access shall not be curtailed. To the extent that the City acquires a fee simple interest in all or any portion of the Pedestrian Right of Way Easement Area, the easement (or portion thereof) shall be merged into the superior interest of the City and shall cease to exist.

 - (b) Developer hereby grants to the City a non-exclusive permanent easement, in common with Developer and all others now or hereafter entitled thereto, on, over, across and through those certain portions of the Private Property shown on the Easement Plan attached hereto as Exhibit C as the Ancillary Pedestrian Easement Areas and located immediately adjacent to the Pedestrian Right of Way Easement Area (the "Ancillary Pedestrian Easement Areas"), for the purpose of limited pedestrian access for the general public; subject to a reservation of rights by Developer to utilize the Ancillary Pedestrian Easement Areas for any and all purposes related to Developer's use of the

Private Property, including without limitation, for landscaping, signage, lighting, utilities, seasonal decorations, special materials, street seating, decorative elements and other facilities and improvements (such as outdoor restaurant seating and retail kiosks) or events (such as special events or activities or valet parking areas), building maintenance, repairs, replacement and operations, and reasonable security measures. Developer's reservation of rights hereunder shall include the right to close or limit access to the Ancillary Pedestrian Easement Areas from time to time on a temporary or long-term basis for special events, other activities and other uses in Developer's sole discretion. Developer's use of the Ancillary Pedestrian Easement Areas shall not impede the use of the Pedestrian Access Easements and shall not be operated so as to limit the width of the Pedestrian Access Easement to less than five (5) feet.

- (c) Developer hereby grants to the City a non-exclusive easement, in common with Developer and all others now or hereafter entitled thereto, to install, operate, replace, repair, improve and maintain any and all public water, sewer, drainage, and storm water detention in, under and upon those certain portions of the Private Property shown on the Easement Plan attached hereto as Exhibit C as the Utility Easement Area (the "Utility Easement Area"). Notwithstanding the foregoing, Developer shall have the right, from time to time, at its sole cost and expense, to relocate the utilities within the Utility Easement Area so long as such relocation is in accordance with legal requirements (as defined herein) and is first approved in writing by the appropriate utility companies or governmental authorities, as applicable. The City shall be responsible for the operation, maintenance, repair, restoration and replacement of any utility facilities located by or on behalf of the City in the Utility Easement Area ("City Utilities") at its sole cost and expense; provided, however, that if Developer exercises its right to relocate the utilities within the Utility Easement Area and opts to relocate the City Utilities, Developer, at its sole cost and expense, shall relocate such City Utilities. The City shall perform all work (or cause all work to be performed) on City Utilities within the Utility Easement Area in a good and workmanlike manner and in a manner that permits the Utility Easement Area to be kept in a safe, secure and orderly condition at all times, excepting only reasonable disruption necessary to perform such activities, and shall restore the Utility Easement Area to substantially its condition prior to any such work.

3. Developer Maintenance Obligations.

- (a) Phase I Developer shall maintain, repair and replace, at Phase I Developer's sole cost and expense, all sidewalks and landscaped areas within the Sidewalk Easement Area (except to the extent responsibility for snow and ice removal adjacent to the proposed fire station in Block 21 are allocated by Phase I Developer to the City under the lease agreement for the fire station, as shown on Exhibit C) and within the Pedestrian Right of Way Easement Area, together with any improvements installed by Phase I Developer in the Sidewalk Easement Area and Pedestrian Right of Way Easement Area, including removal of garbage and emptying of garbage cans and removal of snow and ice, in a manner consistent with other first class mixed use developments in

the Boston, Massachusetts area and otherwise in accordance with any then-applicable federal, state and City of Somerville standards, including but not limited to those related to handicapped accessibility. In addition, Developer shall maintain and repair the Private Ways in which the Utility Easement Area is located, including the removal of snow and ice, in a manner consistent with other first class mixed use developments in the Boston, Massachusetts area and otherwise in accordance with any then-applicable federal, state and City of Somerville standards. The City's said responsibilities are referred to herein collectively as the "City Maintenance Obligations."
- 5. Permits and Approvals. Each Party must at all times as long as this Agreement remains in effect obtain and maintain permits and approvals to the extent required by law for the exercise of such Party's rights and performance of its obligations hereunder. Notwithstanding the foregoing, if Developer is prohibited from complying with any of its obligations hereunder as a result of a City agency, department or official denying any such required permit or approval, Developer shall not be in default of its obligations hereunder for failure to fulfill the applicable obligation.
- 6. No Agency. Neither Party shall be deemed to be an agent of the other as a result of the Parties entering into, exercising their rights or performing their obligations under this Agreement. Specifically, Developer may hire subcontractors, independent contractors, consultants, vendors and/or associate managers in connection with the exercise of its rights or performance of its obligations hereunder.

and that is reasonably necessary in connection with performing duties and services under this Agreement.
