6. Ordinance (ID # [23-0076](#)) By Councilor Burnley Jr., Councilor Kelly, Councilor Wilson, Councilor Clingan, Councilor Gomez Mouakad and Councilor Scott Amending Chapter 8, Article I of the Code of Ordinances by adding a new section regarding Closed Captioning Accessibility.

Taken together with items 23-0078 and 23-1507. Clerk Rodriguez and Analyst Salisbury explained suggested changes to the amendment in the attachment to item 23-1507 titled "Closed Captioning Redlined 23-0076". Chair Davis asked about the proposed text in Sec. 8-18.c.2 allowing complaints filed from members of the Commission for Persons with Disabilities to suffice as an investigation to prompt action. Clerk Rodriguez explained that the language of that section allows for a complaint to come directly from the Commission and be taken up as quickly as possible. Chair Davis said he was comfortable with the suggested wording, but wants the intent to be clear.

Dir. Nadkarni requested that more engagement with businesses be done before passing the item, as the amended ordinance would affect a broad range of businesses. She said that her department has not been able to

allocate resources to an information campaign yet, but with more time could prepare a campaign. Staff had also recommended having the entire Commission for Persons with Disabilities discuss the proposed text. Chair Davis said that this specific ordinance does not feel like something the Committee needs to wait on. Councilor Kelly asked how the Administration would roll out implementation if the item was recommended for approval tonight. Dir. Nadkarni said the item is not in her department's work plan yet, but they will add it. She recommended an information campaign through various networks and added that her staff is already walking the block and keeping businesses updated every week.

Dir. Nadkarni also recommended allowing businesses to choose the language for closed captioning most appropriate for their patrons. Analyst Salisbury said that the ordinance does not require a specific language as-is and that they think it would be best leaving that text out. There was discussion about the potential for complaints that the language of closed captioning is different from that of the audio. The Committee also discussed the language of the ordinance, the Boston ordinance it was originally based on, and the text of the Licensing Commission's rules and regulations. Chair Davis said that the intent of the amendment is just to have closed captioning.

Chair Davis moved to replace the text of the proposed amendment with the text of the document "Closed Captioning Redlined 23-0076" attached to item 23-1507. The motion PASSED with 4 in favor (Councilor McLaughlin, Councilor Burnley, Councilor Kelly and Chair Davis), 1 absent (Councilor Scott) and none opposed.

Councilor Burnley moved to recommend approval of the item as amended. The motion passed with 4 in favor (Councilor McLaughlin, Councilor Burnley, Councilor Kelly and Chair Davis), 1 absent (Councilor Scott) and none opposed.
